

MEMORANDUM

To: All affected Agencies

CC: EVFPD Board of Directors; Connie Bowser, Administrative Asst.; Tim Spears, Fire Marshal; Kate Rusch, PIO; Erik Nilsson, LC Emergency Manager; Wes Kufeld, EP Police Chief; Estes Park Communications Center;

From: Fire Chief Scott Dorman 

Date: June 13, 2012

Subject: Open Burning Ban

In response to the extreme fire danger in our area, the current level of fire activity in the Larimer County and the continuing drought conditions, I hereby issue a revision to the restrictions on open burning within the Estes Valley Fire Protection District that was effective on April 12, 2012. These restrictions shall be changed to a total ban on ALL open fires, including the following:

1. Building, maintaining, attending or using fire for slash burning, campfires, recreational fires or educational fires.
2. Use of all private fireworks including approved fireworks (i.e. sparklers, fountains).
3. Smoking on public property, except within an enclosed vehicle or building or an area at least three feet in diameter that is barren or cleared of all flammable material.
4. Welding or operating acetylene or other torch with an open flame on outdoor property unless approved by the authority having jurisdiction.

Exceptions shall include: LPG or natural gas fired grills at private residences, compressed gas grills or Coleman fueled stoves and lanterns at developed campgrounds or picnic grounds, approved grills used for the commercial cooking of food, flares used by Public Safety agencies to warn the public of danger, training fires used by Public Safety agencies. Public fireworks displays with valid permit.

Please note campfires in approved developed campsites or picnic grounds and the use of charcoal grills are now prohibited.

These restrictions are dependent on the current fire danger and will be evaluated on a daily basis.

This ban shall be effective from 12:00 Noon, June 14, 2012 until otherwise lifted or changed by the Fire Chief or his designee.
